

MARSOF Master Assaulter Course (MMAC) Command Screening Checklist

1. **Purpose:** To ensure Marines selected to attend MMAC are fully qualified.
2. **Action:** Units are required to route nominations through G-7 schools tracker. The student will complete the Command Screening Checklist, and attach completed checklist and copies of all certificates to the nomination tracker **30 days prior** to course convene date. Students who fail to submit a Command Screening checklist with all appropriate signatures / printed names and attached certificates will not be approved to attend course.
3. **Waivers:** All waivers will be routed through the G-7 schools tracker and must be received by the MRTC S-3 no later than 30 days prior to the course convene date. Waivers are granted by MRTC CO on a case by case basis.
4. **Information:** In order to preclude Marines from being turned away upon arrival, it is necessary that parent commands ensure their Marines satisfy enrollment prerequisites set forth within this checklist.

GENERAL INFORMATION: This not a basic entry level course. Students attending course should be current 1000 level DA task IAW T&R Manual. There will be many hours in combat equipment, on the move exposed to the elements. Portions of this course will be physically exerting with the possibility of aggravating any recent injuries. All students need to be on **full duty** and able to participate in a demanding training environment. ***Include personal cell phone number for course coordination and updates as start date approaches. ***
