

**POSITION DESCRIPTION**  
**TELECOMMUNICATIONS SPECIALIST (RADIO SME)**  
**GS-0391-09**

**INTRODUCTION**

The position is located in the Communications Section (HQ/S-6), Marine Raider Training Center (MRTC), U.S. Marine Corps Forces, Special Operations Command (MARSOC) at Camp Lejeune North Carolina. The mission of MARSOC is to train, organize, equip, and when directed by the Commander, U.S. Special Operations Command (USSOCOM) to deploy task organized, scalable and responsive U.S. Marine Corps special operations forces worldwide in support of combatant commanders and other agencies. MARSOC is one of four components of USSOCOM. The Commander, MARSOC is a U.S. Marine Corps Major General (O-8) and reports to the Commander, USSOCOM. In this capacity, the Commander, MARSOC exercises command over a force of nearly 3,500 active personnel from both the U.S. Marine Corps and the U.S. Navy. The MRTC mission is to assess and select personnel for assignment for MARSOC and to train and educate designated personnel in individual, basic and advanced special operations in order to meet MARSOC's requirement to provide capable personnel to conduct special operations.

The primary purpose of this position is to provide special operations capabilities telecommunications subject matter expertise instruction to Special Operations Forces (SOF) students. The incumbent will perform duties in support of the program of instruction (POI) approved curriculum and other training instruction as required to meet the development and certification of Special Operations Capability Specialist - Communications (SOCS-C). As a staff member of a SOF level 1 communications course, the incumbent will train and certify SOCS-C candidates and Critical Skills Operators (CSO) to install, operate and maintain various radios, satellite systems, computers and networks that are organic to the Marine Special Operations Team/Company.

**SPECIAL REQUIREMENTS**

1. This position has been designated NONCRITICAL SENSITIVE and requires the incumbent to obtain and maintain a SECRET security clearance.
2. The incumbent will be required to work other than normal duty hours, which may include scheduled evenings, weekends and/or holidays. Periodic travel and work in a field environment is required. At some field environment locations or when available the incumbent lodging may be consistent with government provided lodging. Incumbent may be required to deploy in a temporary additional duty capacity to a CONUS area incident to an exercise or professional training.

3. The incumbent must be able to obtain and maintain a Government credit card and Government no-fee passport for international travel.

4. This position has been designated as a Cyber IT/Cybersecurity Workforce (CSWF) position in Cyber IT specialty area (71) Education and Training at the Entry/Apprentice level and as a condition of employment incumbents of the position are required to comply with the DON Cyber IT/CSWF Program requirements of SECNAV M-5239.2, which include:

a. Earning and maintaining appropriate credentials for the Cyber IT/CSWF Qualification Matrix (described in SECNAV M-5239.2) associated with the specialty area and level commensurate with the scope of major assigned duties for the position to which they are assigned, and;

b. Participation in a continuous learning program as described in SECNAVINST 1543.2. A minimum of 40 hours of Cyber IT/CSWF related continuous learning annually document in a current individual development plan signed by both the employee and supervisor.

5. The incumbent will be required to qualify as a MRTC Primary Instructor and maintain currency as required by NAVMC 1553.2 and MSOSO 1553.2. Qualification must be achieved within 12 month of assignment to the position, employees subject to probationary hire will complete training prior to the conclusion of the probationary period as a condition of full performance.
